

BULK STAFF MEDICAL CLAIM – submitted by Suppliers

Assumptions:

- Medical supplier Details and RCBank Account Numbers are held within the HRM
- All Medical Suppliers will submit EXCEL Sheet of Claims in addition to any Supporting Hard Copies of Documents relating to staff hospital attendance.
- Medical Suppliers are encouraged to Keep to the Format below (table below). Additional information may be supplied in any number of columns to the right – Columns 1,2, 3, 4,5 & 6 must be maintained as is.

Sample EXCEL sheet of Claims by a Medical Supplier

item	Staff ID	Staff Name	Staff/Dependant (S/D)	Staff Dependant Name	Medical Amount	Comments
1	Pyyyynnn	ABC	S		20	Staff
2	Pyyyynnn	ABC	D	XYZ	15	Dependant of Staff ABC
3	Pyyyykkk	EFK	S		25	Staff
4	Pyyyyggg	BKB	S		30	Staff
5	Pyyyyggg	BKB	D	PDP	50	Dependant of Staff BKB

TOTAL CREDIT to Supplier 140 (less WHT -withholding tax- @ 10.5%)

CREDIT WHT Account - 0 (for this example as amount is below chargeable threshold)

NB: WHT has a THRESHOLD - Now set at less than 1000 new leones; any Amount 1000 and above attracts WHT @ 10.5%. Any amount below 1000 is zero rated.

*****The Respective Staff and Dependant AMOUNTS must be DEBITTED to respective STAFF Cost Centres

***** Unutilised Staff Medical Allowance must be updated (lessened) with this/these utilisation .

NOTE: It will be advisable to maintain two (2) utilisation cumulative Amounts per staff as follows:

- Staff cumulative utilisation amount (year-to-date) for staff (call it SumS)
- Staff dependant cumulative amount (year-to-date) – call it SumD

Both SumS and SumD must be taken into account when determining total Staff Medical Utilisation (SumS+SumD) for any given time.

Thus “Available for Utilisation” = Allowance less SumS+SumD

ALL PROCESSING MUST BE DONE IN THE HRM – ACCOUNTING ENTRIES AUTOMATICALLY RELEASED TO THE CORE BANKING (COST CENTRE ANALYSIS TO BE RESPECTED). MAKER – CHECKER CONTROLS REQUIRED. **END**
